

Tuesday February 18

A lowercase letter 'b' is shown on a set of three horizontal lines: a solid top line, a dashed middle line, and a solid bottom line. The letter's vertical stem reaches from the top line to the bottom line, and its circular bowl sits between the middle dashed line and the bottom line. Five small black dots are placed along the top line to the right of the letter, serving as starting points for tracing.

A second lowercase letter 'b' is shown on a set of three horizontal lines: a solid top line, a dashed middle line, and a solid bottom line. The letter's vertical stem reaches from the top line to the bottom line, and its circular bowl sits between the middle dashed line and the bottom line. Five small black dots are placed along the top line to the right of the letter, serving as starting points for tracing.
